My son/daughter and I are aware that he/she must satisfactorily complete a community service project in order to satisfy the requirements of the Culminating Project necessary for graduation. My child and I also understand that the community service project is my child's decision but is subject to school approval. This project is student and parent-centered. I therefore assume all responsibility for any risks and costs which might be inherent in the project my child chooses. Both my child and I also understand that faking or plagiarizing any part of the project will affect his/her graduation status.
